English elective or literary history
Behavioral Science

JUNIOR SPRING

LIT 499 Seminar in Research and Theory (or LIT 497 Seminar in Critical Theory)
PHY 202 General Physics II
English elective or literary history
History

ANY SUMMER AND/OR WINTER

4 courses: 2 English elective or literary history courses for a total of 3 English electives and 3 literary history courses; and 2 general electives. Please note that a maximum of 3 courses can be taken in a single summer, and a maximum of 1 course in a single winter term.

4 more courses at NJMS toward the undergraduate degree for a total of 32. Courses that count: Psychiatry as Behavioral; Gross Anatomy, Med. Genetics, Med. Physiology, Cell and Tissue Bio as electives

Notes: 1) Make sure that Gender, Global, and Race are covered by courses taken at TCNJ. 2) The number of courses needed for the undergraduate degree can be reduced with AP credit. 3) If you plan to study abroad, consider doing so during summer or winter session. The schedule may also be arranged to allow global study during one of the sophomore semesters, but the LIT 499 courses must be taken at TCNJ in two semesters in your junior year.
