

Sigma Tau Delta Presents: The Sabbatical Series

The sabbatical leave program at TCNJ provides full-time faculty members with the opportunity to grow professionally by taking leave from their normal duties to pursue a substantial project designed to yield publishable results.

Please join Sigma Tau Delta in welcoming Professor Jess Row and Dr. David Blake back from sabbatical leave by attending our Sabbatical Series events where they will be discussing their published works and experiences during sabbatical leave.

Professor Jess Row

Wednesday, October 10th

11:00 am

Science Complex Physics 101

Dr. David Blake
