**Liberal Learning** – students with an **ELEM** or **ECEM** major need 1 LL course in addition to their double majors, and they must take American history. All other Liberal Learning classes are taken inside the **ELEM** or **ECEM** or **ENGA** majors.

An English elective is any class with a **LIT**, **CWR**, or **LNG** prefix. Classes in other programs can be petitioned to be English electives, but only 1 English elective can be taken outside of the 3 English major prefixes.

“Gender” and “Global” can be combined with many English electives, or can be combined with American History, or can be combined with a Free Elective, or can be part of the FSP. “Race and Ethnicity” is taken inside the **ELEM** or **ECEM** major.

Many English classes can be taken out of order, but no one may take two **LIT 499** classes at the same time, and **LIT 202** is a pre-requisite for **LIT 499**. Students who elect not to take **LIT 310** must take **RAL 225** or **ECE 102** in place of one of their free electives. Students who elect not to take their VPA inside the English major must give up one of their free electives to take a VPA.

Students should avoid needing a 4<sup>th</sup> class with Clinical 2 by taking an overload, by transferring in an AP credit, or by taking a winter or summer class.

A student who wishes to Study Abroad should consider a summer or winter term class, Global Student Teaching, or the spring semester of sophomore year.

A student always needs 11 English major courses, 15 **ELEM** or **ECEM** major courses and 32 course units to graduate. See your advisor.
